***CedarCrestone 2010-2011 HR Systems Survey: HR Technologies, Service Delivery Approaches, and Metrics, 13<sup>th</sup> Annual Edition Now Open***

**ALPHARETTA, GEORGIA, May 20, 2010** – CedarCrestone is requesting participation in the *CedarCrestone 2010–2011 HR Systems Survey: HR Technologies, Service Delivery Approaches, and Metrics, 13<sup>th</sup> Annual Edition* from today through July 5, 2010. This comprehensive research effort is designed to provide organizations with data to plan, justify, benchmark, and execute HR technologies and their deployment options. The survey questionnaire is available online at [www.CedarCrestone.com/hrssv23](http://www.CedarCrestone.com/hrssv23).

The *CedarCrestone 2010–2011 HR Systems Survey* collects data on questions about the following:

- Application adoption
- HR software acquisition and deployment trends
- “Going global” trends
- The value of HR technologies

“For six years in a row, we have asked CedarCrestone to debut its survey at our event because it is the most thorough, highly respected and useful survey on technology usage in HR. Clearly, HR and IT practitioners know that too, because it draws standing room only attendance every year,” states Bill Kutik, co-chair of the HR Technology® Conference ([www.hrtechnologyconference.com](http://www.hrtechnologyconference.com)).

The survey collects responses from HR and IT management with knowledge of the HR technologies in use and planned. Representatives from organizations in all industries with over 500 employees are invited to participate. All responses are anonymous and will be kept confidential. CedarCrestone will only use your information in the aggregate. Participants will receive an advance copy of the results available in September, 2010. The survey questionnaire is available online at [www.CedarCrestone.com/hrssv23](http://www.CedarCrestone.com/hrssv23).

Prior survey reports and associated white papers are available at [www.CedarCrestone.com/research](http://www.CedarCrestone.com/research).

**About the *CedarCrestone 2010–2011 HR Systems Survey***

Continuing as the industry’s most comprehensive research effort focused on a broad range of HR technology initiatives, the survey provides important data to assist in the development and execution of strategies to transform workforce effectiveness using HR technologies. It is a respected source of benchmark data. Organizations can see variations by region, industry, size, HR service delivery organizational structure, and level of process standardization, as well as by over 40 HCM technologies.
