

Our singular focus on client success has always formed the cornerstone of our practice and has helped us become a long-term, "trusted advisor" to over a thousand organizations across a broad spectrum of industries. Some of these clients are looking to the cloud for Software as a service administrative solutions. Our partnership with Workday keeps us on the leading edge of the emerging technologies that our clients are considering and enables us to continue in that trusted advisor role.

REAL CLIENT SUCCESS FOR WORKDAY SOLUTIONS

CONSULTING • SAAS TRANSFORMATION • MANAGED SERVICES

We Understand SaaS

While Workday is the leader in the Software as a service (SaaS) space, CedarCrestone has supported SaaS deployment solutions for Human Resources, Financials and Supply Chain, and Higher Education for more than ten years. We support over 1,000,000 end users with our hosted application solutions. We understand the SaaS paradigm and have comprehensive services offerings to ensure that the SaaS model can work with even the most large and complex organizations.

Proven Methods and Tools

CedarCrestone's Propel Methodology for Workday blueprint ensures a business process-centric approach that promotes an understanding of the SaaS model, knowledge transfer, keeps the project within scope,

follows well-defined processes, and results in quality deliverables. Our projects consistently finish on time and within budget.

Strategic SaaS Solutions for Human Resources, Financials, Supply Chain, and Higher Education

Organizations must continue to adapt and respond to the challenges of reduced budgets, cost containment, and growing expectations. As your Workday implementation partner, we help you make the SaaS technology leap to a new business delivery paradigm.
